

# Car Wash Use

## IMPORTANT NOTICE TO CUSTOMERS WARNING

Before using the car wash, Topaz would like to draw the following to the attention of customers.

1. If you have an aerial on your vehicle, please fully remove or retract same prior to entry to the carwash. An aerial could be damaged by the car wash if it protrudes in any way.
2. All wing mirrors must be fully retracted so that they are flush against the side of the vehicle in order to minimise the possibility of damage. If they are not flush against the side of the vehicle they could be damaged by the car wash.
3. Please ensure that all bumpers, wing mirrors, trims or other attachments, to your vehicle and car body parts are not loose or damaged prior to entering the car wash otherwise they could be damaged further or detached by the car wash.
4. The car wash is not suitable for use by vehicles which have spoilers or similar fittings and use of the car wash when spoilers or similar fittings are attached to your vehicle is not recommended. Any vehicle fitted with external spare wheel (e.g. 4 x 4s) should not use any brush wash.
5. It is your responsibility to ensure that your car is positioned between the guide rails and is correctly aligned in the car wash in accordance with the instructions at the entry to the car wash (i.e. fully straight). The sensor light on the car wash signals that the front of the vehicle is in a position to allow the commencement of the car wash. The sensor is not designed to detect if the vehicle is correctly aligned (i.e. whether it is fully straight). If your car is not correctly aligned, the sides of your car could be damaged during the car wash.
6. The car wash is not suitable for use on vehicles with windscreens or rear windows which have very low gradients or curved glass. These could be damaged by the car wash.
7. Please do not get in or out of the vehicle after the code is keyed in. Do not open any doors, windows or the sun roof on your vehicle when the car wash is in cycle. To do so could result in damage or injury to you, other persons in your vehicle, your vehicle or your property.

### CONDITION

Please note that use of the car wash is strictly at your risk. Neither Topaz nor its employees have assessed your vehicle for suitability for use of the car wash. It is a matter for you to determine on the basis of the warnings set out above whether your vehicle is suitable for use of the car wash.

Topaz shall not be liable for any damage or injury whatsoever caused by the car wash including damage caused to you, the vehicle, your property or to any person in your vehicle. Topaz shall not be liable for any direct, indirect or consequential loss or damage or injury including personal injury howsoever caused (including without prejudice to the generality of the foregoing, loss of revenue or profit) suffered by you or any third party as a result of any neglect, default or breach of duty of any kind by Topaz or its employees.
